

# How to Generate a License Key for AthTek Skype Recorder after Payment

Most of time, you can [generate an instant license key](#) on our official website through our default payment method. Buyers will access a web page which asks for the Skype ID or PC Code to generate an unique license. But sometimes the web page doesn't open or buyers close the web page by mistake, then we will need to generate license keys manually for buyers. Besides, we also provide other payment methods such as RegNow and Avangate. If a buyer buys AthTek Skype Recorder through RegNow or Avangate, he or she will have to provide Skype ID or PC Code to us to generate the license key manually.
