

AthTek NetWalk Has Been Included Into Directory of SLAC as a Quality Network Monitoring Tool 2013

SLAC (Stanford Linear Accelerator Center) has included AthTek NetWalk to its web directory as a quality [network monitoring tool](#) in 2013. You can view it at [NMTF Tools SLAC](#). Thanks to Les Cottrell who found and got AthTek NetWalk included into the directory. NMTF is a great place for network administrators who want to know the most quality network monitoring tools in the world, and we at AthTek will highly recommend.

Network Monitoring Tools *

June 9, 2013 -- Major clean up of failing URLs using [CheckLink](#) suggested by Brad Canham, and even better the [Chrome](#) suggested by Brian Albert Jensen.
