

Reasons for Choosing Skype Voice Changer

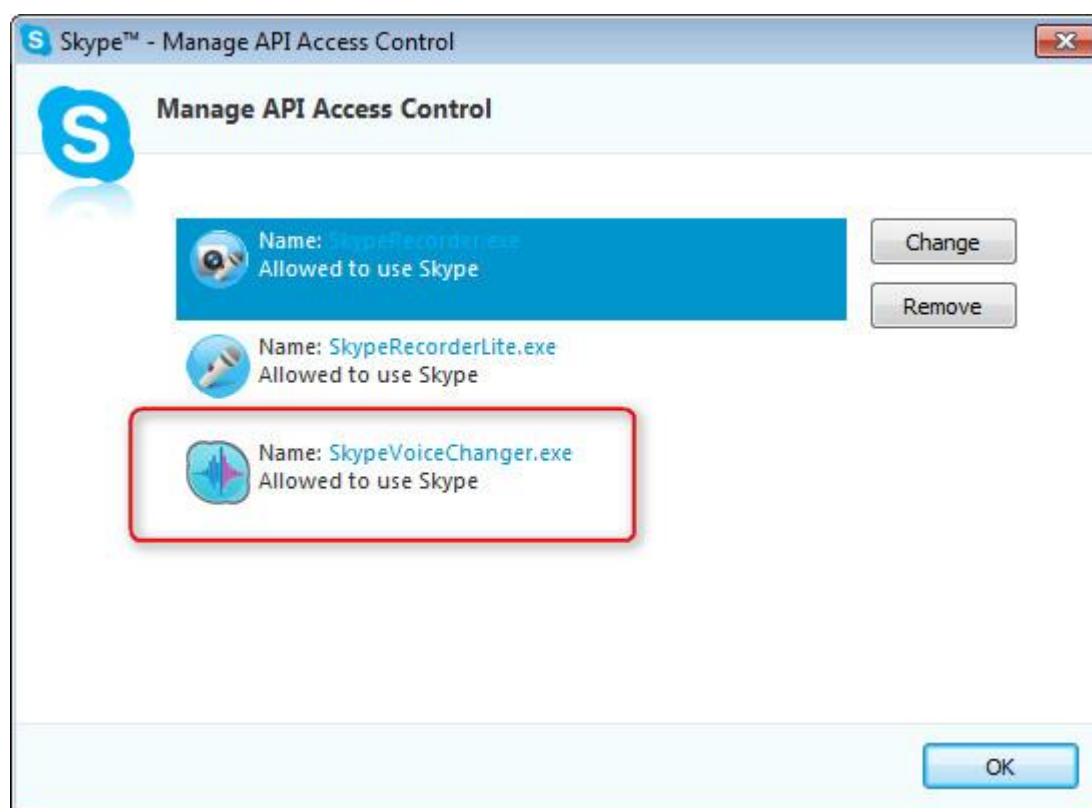

Software users can find 3 kinds of voice changer software and read the [differences](#) of these voice changer software at AthTek.com. If you are looking for a voice changer for prank on Skype, Skype Voice Changer is exact the one we highly recommend. This is not only because Skype Voice Changer is developed particularly for Skype pranks, but also because Skype Voice Changer has the best compatibility and capacity. In this article, you will read the reasons for choosing Skype Voice Changer.

1. Good compatibility with Skype.

No matter a latest version or an old version Skype, AthTek Skype Voice Changer is fully compatible with all Skype versions. This is because Skype Voice Changer was developed based on APIs. This makes [Skype Voice Changer](#) a good compatibility with all Skype versions. Other Skype Voice

Changer software doesn't require Skype API to run.

2. Sound Emotions.

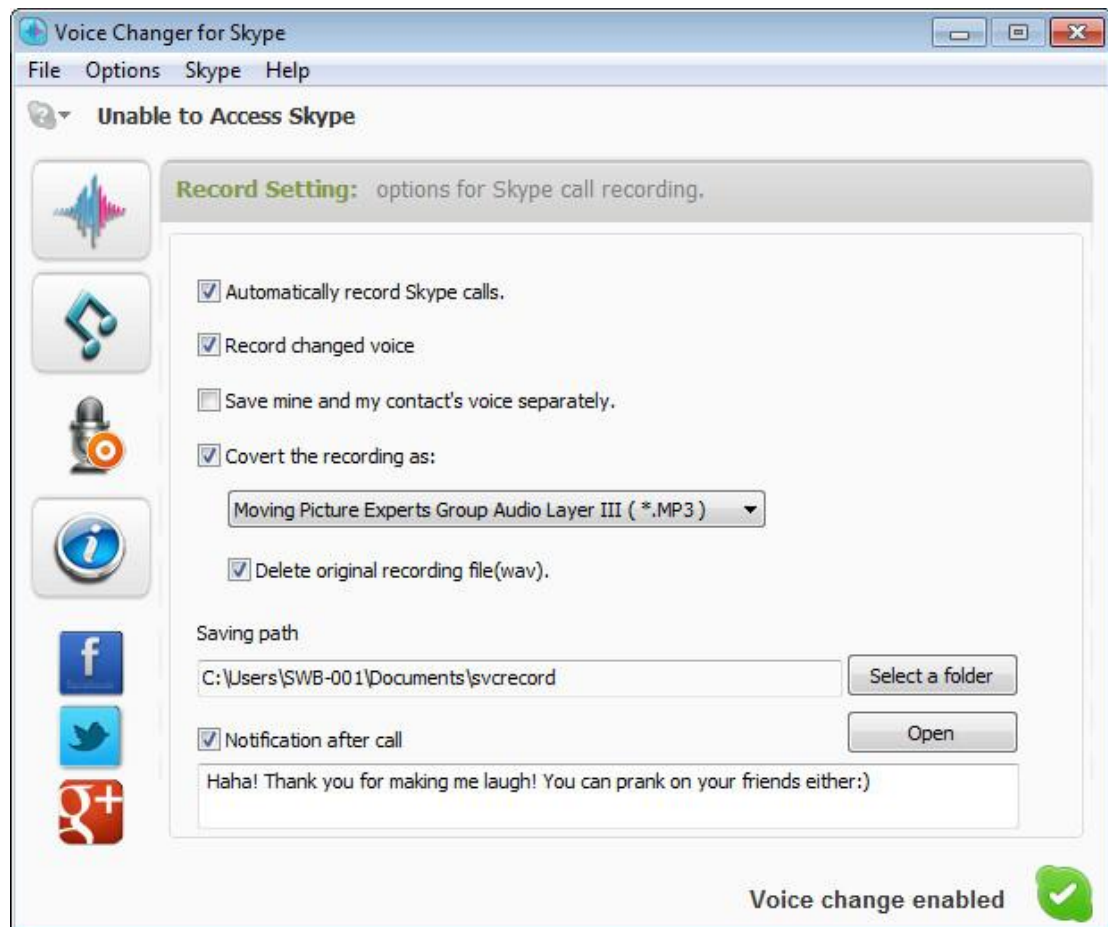

Skype Voice Changer enables user to send various sound emotions to contacts. Sound emotions can definitely make Skype chats interesting and make an audible response instead of text chat.

3. Integrated Skype Call Recorder.

Skype Voice Changer integrates [AthTek Skype Recorder Lite](#) for prank calls recording. It has a same high recording quality to AthTek Skype Recorder Lite, but won't charge additional money to use the recording functions. Users can

feel free to record prank calls by Skype Voice Changer.

If you are looking for a reliable voice changing program for Skype prank, Skype Voice Changer is definitely the best choice for you!
