

Submit Videos to Win Free Registration Code from AthTek Software!

We have modified the [COUPON](#) page of our official website. A new 100% Free Registration Code Method has been included into this page. From now on, you can get a **100% free registration code** to any of our software products by making and submitting a video for it. We have already made and submitted many videos for our software products such as [Skype Voice Changer](#), [Code to FlowChart](#), [Reinstall DirectX EZ](#), etc.

But the quality and quantity are both far from expectation. We kindly ask that if you have experiences in podcasting and you want to use any of our software products – please help us to make videos and submit them to YouTube. We'd love to provide **free registration code** to you for thanks to your help.

The topic of your video could be:

- Introduce – tell the viewers the software is about what.
- Review – what you think of the software.
- Discuss - related areas which you concern.
- Tutorial – how to use the software
- Compare – compare us with the competitors.

If you don't know how to make a video, please follow our blog. We will add a post about how to make a video clip and upload it to YouTube.
