By using our [Video Surveillance Monitor](#), you can easily know who is standing on the doorstep. You will have enough time to prepare for any surprise. Also you maybe join the crowd for

Halloween celebration. Your home can be easily accessed into and absolutely you will suffer the loss of property. With a **burglar alarm** system you can easily get rid of such problems. Leave the **security surveillance** cameras home and it will help you capture who has accessed to your house. You can easily get the uninvited guy busted with only an ordinary webcam.

Home **security surveillance** systems are not new to most of people. Especially for the current six or seven months, the economy is falling down, unemployment are increasing, crimes are happening every day. We should take home **security surveillance** much seriously.

If you have ever used a **burglar alarm**, you would quickly know what our software is used for. It enables ordinary cameras to be a super video **burglar alarm** system. You can easily take your home under **security surveillance** by this **burglar alarm** system. More than that, this software only costs less than one fifth of the traditional video **burglar alarm** systems.
