Many thanks to **Anja Skrba** who kindly help us translate the page into Serbo-Croatian. **Anja Skrba** has done a great job because she makes more people better understand what AthTek WebAPP Kit can do. AthTek WebAPP Kit is an intelligent program for web app development. It enables developers to create RIA (rich internet applications) directly with C/C++/Delphi. It also enables developers to transfer existing B/S based projects to C/S based projects in seconds.
